

Undercounter Beer Cooler

Water Cooling System

AS - 110 INOX TROPICAL

NEW MODEL

- The **AS-110 INOX TROPICAL** Beer cooler is designed for professional cooling in large restaurants and catering facilities.
- The **AS-110 INOX TROPICAL** is designed for extreme tropical conditions.
- The **AS-110 INOX TROPICAL** has **extra insulation** (including top lid) of **45mm**.
- The unit can work in **ambient temperature up to 45°C**.
- This machine has a pump with **displacement of 7m**, thanks to which the cooler may be situated in the cellar keeping the beverage chilled all the way to the tap.
- The **AS-110 INOX TROPICAL** has a **cooling capacity from 75-110l/h**.
- The frame is completely made of stainless steel.
- Simple to use push-in fittings on top of the cooler ensure easy connection to the beverage supply.

- **The modern compressor cooling unit uses the power input** for direct transfer to chilling, **which guarantees minimum** energy usage and excellent chilled beer.
- **LINDR cooling technology is 45% more efficient** than its power input.
- Cooling coils are made of stainless steel.
- The materials used meet the highest requirements for hygiene standards and guarantee a long working life of this cooler.
- Our AS range of coolers maintain a leading position among professional coolers on the market due to their modern technology and performance.
